WHAT ARE WE BEST IN THE WORLD AT?

Decks | Fences | Custom Builds

WHAT MAKES US UNIQUE

Our culture, people, and values.

We make it right no matter what.

We treat your home as if it were our own.

OUR CORE VALUES

DISCIPLINE

Discipline is the bridge between setting goals and accomplishing them. Our team sets production goals weekly and tracks our progress. We hit our targets consistently nine times out of ten!

CONSISTENT & PERSISTENT

Consistency is to do and act the same way over time. Persistence is to continue firmly in a course of action despite any setbacks. Construction is a grind, and there are always setbacks. Our team embraces these challenges and presses forward, no matter the challenge.

WINNING ATTITUDE

Winning is a habit, and it starts with our attitude. Winners are willing to go longer, work harder, and give more than the competition. With our team, you will be hard-pressed to find a group with a better attitude and willingness to do whatever it takes to succeed.

VALUE ADD

We share knowledge with others willingly and continuously seek opportunities to go above and beyond for anyone we come into contact with. We wouldn't have the amazing relationships and reputation we have today without consistently going the extra mile with our trade partners, vendors, and most importantly, our customers.

CREATIVE & INNOVATIVE

Creativity is simply the thought process and generation of new ideas. Innovation is taking those new ideas and putting them into action to generate results. Our team is always down to try something new. We reward creativity and innovation within our team.

SYSTEMATIZED

Systematizing means arranging efficiently and effectively, or as we like to say, making the complex simple. Construction is intricate, but with our systems, we like to say we make it easy!

YOUR BUYING JOURNEY

TEAM BUILDERS LTD

DESIGN | BUILD | REMODEL

SELECTION MEETINGS

- Let's get your finishes selected!
- Let us walk beside you and be a resource for your inspiration!
- In these meetings, we present you with material options based on your design tastes.

ESTIMATING & FINAL DESIGN

- We verify all selections and finalize your design for your approval.
- We compile your project scope and associated costs based on the final approved design.
- We review your project with our internal team to ensure all details are captured and included.

DESIGN/BUDGET APPROVAL MEETING

- Let us show you what we have designed for you.
- Let's discuss potential cost implications.
- And if we need to, let's get creative to ensure we can provide a solution that fits your budget.

2

3

4

6

1

TRADES MEETING

- We introduce our trades team to your project!
- We debug any potential issues.
- We set clear expectations on project scope, timelines, and sequence.

5

INK YOUR DEAL!

- We need your John Hancock and down payment to move forward!
- Congrats! It is time to celebrate! You are on our schedule!
- We set expectations on what happens next in Your Planning Journey!

INITIAL CONSULTATION

- Tell us your must-haves and desires.
- We explore some inspiration together.
- Let's get clear on what matters most to you (budget, schedule, quality).

FINAL PROPOSAL MEETING

- We show you the good stuff - design renderings, contract details, and project cost.
- From here, we hope you have everything you need to make an informed decision.
- If any minor tweaks are needed, we will handle them. No sweat!

Continue to Your Planning Journey

YOUR PLANNING JOURNEY

LONG RANGE PLANNING

- We order your long lead materials.
- We submit your plans and fill out the required forms to obtain building permits.
- We set up your project in our project management software while all the details are fresh.

1

NEW APPROVED PROJECT

- Your project gets posted on our massive whiteboard schedule, locking in your tentative start date.
- Our whiteboard schedule is built and designed from Lean Construction Theory, which was created for on-time delivery of materials and labor, minimizing site congestion, and maximizing work days.

2

CRITICAL FILTER

Six - Eight Weeks Out

- We finalize your construction schedule. Your start date is becoming more concrete!
- We build your project binder filled with all the pertinent project details. Our crew uses this binder as a continuous reference throughout your project.

3

SHOULD FILTER

Four - Five Weeks Out

- We have a formal internal project review by our experienced management team.
- We inform all team members and trade partners about the ins and outs of your project. Everyone is prepared and anxious to get started!

4

CAN FILTER

Two - Three Weeks Out

- We finalize your start date and schedule material and equipment deliveries.
- Now is a great time to prepare for our arrival. We will do our best to keep things tidy, but construction can get a little messy!

5

KICK-OFF MEETING

Just Prior to Starting

- We formally introduce you to our team, and they get to ask questions before we start.
- We finalize expectations with our team on-site so they get the full extent of the project scope.

6

Continue to Your Construction Journey

YOUR CONSTRUCTION JOURNEY

MATERIALS & EQUIPMENT ARRIVAL

- Materials and equipment deliveries typically show up on-site before we do!
- We coordinate deliveries with you, so you are in the know! Let us know if you have any preference for where they go!

EXECUTE THE PLAN

- We have our activity checklist and construction schedule. It is time to execute the plan! We are an agile team and know how to handle any issues that arise.
- We have our sub trades ready and on call! Our goal is to minimize non-working days between project phases.

PROJECT CLOSE OUT

- We are all done! Expect us to invoice for payment after punch list completion!
- Let us know if anything comes up - anything at all! We warranty our workmanship for one year. All product warranties are carried with the manufacturer.

Continue to You're On Our Team

PROJECT START

- Our crews mobilize and set up their workstations. It is game time!
- Day one typically involves a lot of prep work, demo, and mobilizing tools and materials. Be patient, as we are just getting started!

PASS INSPECTIONS

- Plan for temporary pauses in work to allow for inspections. It is never fun, but it's an important part of the process!
- Each trade has its own inspection. From framing and foundation work to finish and trimout.

COMPLETE PUNCH LIST ITEMS

- Inevitably, there will be things at the end of your project that need attention. We got you! This is where you let us know what does not meet your standards, and we make it right.
- We will conduct a formal job walk-through with you so that you are left with a good feeling and understanding of your finished product.

YOU'RE ON OUR TEAM

THANK YOU & FEEDBACK

Thank you so much for the opportunity to complete your project and be your contractor! We would appreciate your feedback! We'd like to know what you loved about working with us and what we can improve upon. Be on the lookout, something might just show up in the mail!

REVIEW & REFERRAL

Our relationship doesn't stop here! If you had a great experience, we would love to reward you for sharing it with others! Additionally, we would love to know if any of your friends, family, or neighbors could benefit from our services. We'd love to work with more people like you!

OUR
RELATIONSHIP
DOESN'T STOP
HERE!

PLAN YOUR NEXT PROJECT

We also know that there is always more to be done! Stay in touch, and let us know what is on your mind next! Repeat clients are the best kind of clients! We look forward to working with you again!

KEEP IN TOUCH

Follow us on Facebook and keep a lookout - we might post your project! We also like to send out a quarterly newsletter to keep in touch while you drum up ideas for your next project.
